## **Re: Post 16 options**

A warm welcome back to the new academic year, I enclose a list of colleges and schools/sixth forms in the Luton, Beds & Hertfordshire area, for you to research the different options with your Son/Daughter

**Applications to some of the school sixth forms will start earlier than some of the colleges. For example, Cardinal Newman, Harlington Upper School and St. George's start their application process between September and November.**

## **Please check websites.**

Students can apply to as many colleges/school sixth forms as they wish, before making a final choice.

Most colleges and schools now have comprehensive information on their websites. The best way to start researching the various options is to look at the college/school websites to find out about the subjects and the different types of courses offered.

## **Apprenticeships** (training with pay in the work place)

This is an alternative to full-time college and there is now a large national database of apprenticeship vacancies. It is very helpful to be familiar with this database.

Some companies will advertise their September vacancies in the New Year.

The apprenticeship website is [www.apprenticeships.org.uk](http://www.apprenticeships.org.uk)
