Guide how to use: Luton Post 16 Prospectus 2023/24

You can also use the previous page and next page functions to navigate through the prospectus.

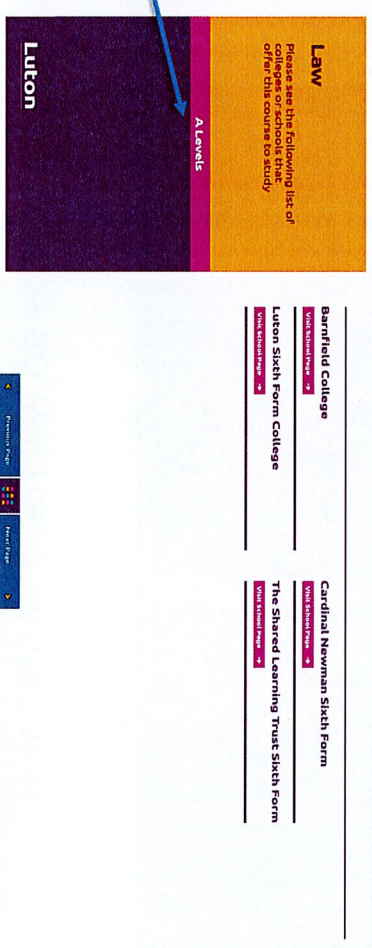

However please be mindful of the following points:

- The previous page button takes you to the previous page in the document not the previous page you were on.
- The prospectus has 250 pages so it might be a bit overwhelming to click through all the pages.
- The prospectus is not designed to be read sequentially from pages 1 to 250 as you would find in a booklet but should be navigated through the use of the content page.

The pages have been designed in two sections:

- P1-53 are key headline pages
- P54 -250 highlight all the course listings –

If you do click through the type of qualification is indicated on the left hand panel
